DIRECTORATE OF POLICE HEALTH SERVICES

Annual
Performance
Report 2022

INSPECTOR GENERAL OF POLICE
J.M. OKOTH - OCHOLA (ESQ)

DEPUTY INSPECTOR GENERAL OF POLICE
MAJ. GEN. TUMUSIIME KATSIGAZI

CHIEF OF JOINT STAFF
AIGP ABEL KANDIHO

DIRECTOR POLICE HEALTH SERVICES
AIGP DR. MOSES BYARUHANGA

Foreword

The Directorate of Police Health Services (PHS) has recently concluded the implementation of the Police Strategic Policing Plan (PSPP), Police Health Policy (PHP) and the Health Sector Development Plan (HSDP) for the Year 2022 with the goal: 'To deliver outstanding health services for a healthy and productive Police Force'. In line with statutory requirements, PHS reviews its annual performance in order to assess progress on agreed outputs and come up with strategies and recommendations on how to improve health care service delivery.

The Annual Police Health Performance Report (APHR) for the Year 2022 reports on the progress of the Directorate of Police Health Services against the annual work plans as well as the Police Strategic Policing Plan (PSPP), and Health Sector Development Plan (HSDP) performance indicators. This report shall be presented to Police Advisory Committee (PAC) and disseminated to stakeholders. The committee shall review what has been achieved, what has not been achieved and the reasons why the set targets have not been achieved. This shall guide future planning and programming to refocus priorities towards achieving the Police Strategic Policing Plan (PSPP) as stipulated by NDP III.

I extend my warmest appreciation to the Inspector General of Police and the entire Police top management for the support extended to the Directorate in the year 2022. As a Directorate, we commit to the continued

promotion of the welfare of individual Police officers and support of Policing operations.

The Directorate of Police Health Services (PHS) recognizes the contributions of other Directorates, Ministry of Health and Health Development Partners, the Civil Society Organizations, the Private Sector and the Community in the achievements of year 2022. I would also like to appreciate the strong partnership and collaboration exhibited by Partners during the period when the country grappled with Ebola Virus Disease (EVD).

Improvements in performance were made possible by the commitment of Police health workers who have supported different activities in Police health facilities. I would like to urge them to continue with the hard work so as to be exemplary in the health sector.

I would like to appreciate the Health Management Committee and the select team that tirelessly worked towards the compilation of this annual report.

Thank you.

AIGP Dr. Moses Byaruhanga
DIRECTOR POLICE HEALTH SERVICES

10th January 2023

Executive Summary

The Annual Police Health Performance Report (APHR) highlights progress, challenges, lessons learnt and proposes mechanisms for improvement. The report focuses on the implementation of commitments in the Ministerial Policy statement. The overall performance against the targets set in the Year 2022 and the trends in the performance of selected indicators over the previous years.

The compilation was participatory with involvement of all the departments through the technical working groups and Health Management Committee.

Data

The report focuses on the key indicators for monitoring performance. The report is based on the Police Health Facility reports gathered as part of the routine Health Management Information System (HMIS), administrative sources and program data. Generation of output indicators for this report largely utilized data from DHIS2 and Open Data Kit. Coverage estimate indicators for the routine HMIS indicators uses the UBOS 2022 mid-year population projection which is 49,334,048.

Service Coverage

New OPD utilization rate increased by **26%** from **380,190** in the year 2021 to **512,997** in 2022

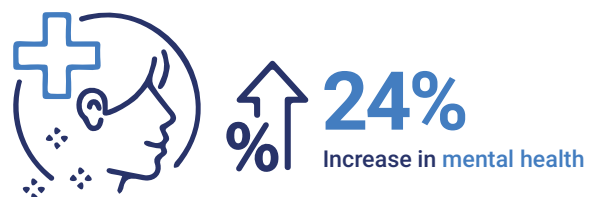

The Malaria cases registered during the year increased from **92,468** in the year 2021 to **180,687** in 2022.

Hypertension was the most prevalent Non-Communicable Diseases (NCDs) condition during the reporting period with females (**2668**) more affected compared to males (**1808**)

Mental Health Conditions contributed to **0.2%** of the total OPD attendance (**1,127/512,997**) during the reporting period. There was an increase in cases reported from Oct-Dec 2022 (**372**) compared to Jul-Sept 2022 (**230**). This is attributed to the ongoing mental health awareness campaign.

Police Health Human Resource

Inadequate Police doctors to support medico-legal services in the **28 Police regions** across the country. Only 10 regions, **36% are staffed with Police Doctors**.

Police Health Infrastructure

None of the **96 Police health facilities** are housed in a standard health facility infrastructure. However, **Twelve (12) facilities have been renovated to improve on the working environment and storage**. **100%** of the HC IVs do not have important services such as admissions, surgical operations and radiology due to lack of hospital beds, surgical equipment and complete radiology equipment.

Police Health Information

Currently only **16 Police health** centers are equipped with **electronic Health Management Information system (HMIS)** to support web based performance monitoring and reporting through DHIS2.

Essential Medicines and Health Supplies

UPF received essential medicines and health supplies worth **1,253,128,573/=** from National Medical Stores. Procurement of additional items not supplied by NMS was done from pre-qualified UPF suppliers to a total of **93,600,000/=**.

Police Health Financing

The Directorate spent a total of UgX. 3,431,640,273 non-wage recurrent on various funding areas namely: Medicines & Medical sundries, System strengthening, Disease Specific (HIV, TB, Ebola & NCDs), Public Health interventions, Medico-legal

services, Emergency Medical Response (EMR), Palliative & Psychosocial Support Services, Infrastructural maintenance, Community Outreaches and Medical Equipment.

Challenges

The Directorate encountered some challenges during the year 2022 namely: Inadequate infrastructure, ICT and basic diagnostic equipment, Police doctors to support medico-legal services, vehicles and motorcycles, medicines storage and medical waste management facilities. The Directorate has also been challenged with limited capacity to offer all services due to the low level of most of the Police health centers and low country wide coverage. Few ambulances to cover all the busy highways and emergency response centers. Theft of medicines has been rampant in some of the Police health facilities especially those along the Uganda Congo border. The Directorate has expanded over the years to several districts and yet the budget has remained the same for over 10 years.

Recommendations

Efforts should be stepped up to establish the Police general hospital and Construct new, renovate/remodel existing Police health facilities. With the current existing gap, recruitment of Medical Doctors should be done in required numbers. Upgrade of Police health centers should also be undertaken to provide the required services. Police health facilities should adequately be equipped to deal with prevailing logistical challenges. There is need to increase funds remitted to NMS for the supply of Essential Medicines and Health Supplies.

1.0 Background

1.1 Introduction

The Annual Police Health Performance Report (APHR) is an institutional requirement compiled to highlight progress, challenges, lessons learnt and propose ways of moving the Directorate of Police health services forward in relation to the Police Strategic Policing Plan (PSPP), Police Health Policy (PHP) and the Health Sector Development Plan (HSDP). The report mainly focuses on the progress in implementation of the annual work plan for the different departments in the Directorate as well as overall performance against the PSPP key performance indicator targets set for the Year 2022 (Qtr 3 & 4 of FY 2021/22, and Qtr 1 & 2 of FY 2022/23) and performance of the Police Health Centers using the key outputs. This report shall be reviewed by Health Management Committee and the outcome of the performance will guide planning and programing for the next financial year.

1.2 Mandate, Vision, Mission, Goal and Objectives

1.2.1 Mandate

The Directorate of Police Health Services (PHS) is mandated to treat, prevent and control the occurrence of communicable and non-communicable diseases as well as promote good health lifestyles and behavior in the Police and surrounding community. The Directorate further extends its services to the general population through Medical Emergency Response and provision of Medico-legal services.

1.2.2 Vision

A healthy and productive Uganda Police Force that contributes to national development.

1.2.3 Mission

To provide health services to the Uganda Police Force to the maximum possible standards that are evidence based and are in line with the Ministry of Health guidelines.

1.2.4 Goal

To deliver outstanding health services for a healthy and productive Police Force.

1.2.5 Specific objectives

The Directorate specifically addressed the following objectives;

- To strengthen the organization and management of the Police health system.
- To provide medico legal services in support of the criminal justice system.
- To provide universal health coverage to the UPF and surrounding community.
- To support the national emergency medical response and rescue services.
- To promote health research agenda in UPF.
- To establish partnerships in Police health service delivery.

2.0 Management and Organization of Police Health Services

The Directorate of PHS is organized at three management levels namely: Headquarters, Region and District level.

2.1. Police Health Services Headquarters

The Director and the Deputy provide strategic leadership at this administrative level supported by the four departments

which are; Clinical, Public health, Medico-legal and Administration & Training.

The strategic decisions at the Directorate are guided by the Health Management Committee (HMC) whose composition is made up of heads of departments/units and is chaired by the Director. **See table 1**

Table 1: Shows the Health Management Committee (HMC), Year 2022

SN	NAME	DESIGNATION
1	AIGP Dr. Moses Byaruhanga	Director- Chairperson
2	SCP Dr. Nuwamanya Emmanuel	Deputy Director
3	CP Dr. Byogero Olivia	Head of Dental & Procurement Services
4	ACP Dr. Rubanza Barnabas	Representative of Regional Police Surgeons
5	SSP Oumo Peter Omms	Human Resource Manager
6	SP Bagenda Livingstone	Staff Officer
7	SP Dr. Ambayo Richard	Representative of Regional Police Surgeons
8	SP Sasya Samuel	In – Charge Clinical Room - Nsambya
9	ASP Kamugisha John	Emergency Medical Response Focal Person
10	ASP Ssali Lule Michael	Laboratory Focal Person
11	ASP Ndashimye Gregory	Head Public Health
12	ASP Acham Caroline	In – Charge HIV & AIDS Clinic - Nsambya
13	ASP Dr. Okwadi JM Tukei	Human Resource Officer
14	IP Mukasa Betty	Chief Nursing Officer
15	AIP Chepkurui Denis	Monitoring and Evaluation Officer-Secretary
16	AIP Chelangat Irene Stella	In-Charge Maternal and Child Health

2.2. The Region

The Regional Police surgeons provide operational leadership directly supervised by the Regional Police commanders. The regions with Police surgeons include, Elgon, Aswa, East Kyoga, West Nile, Albertine, Rwenzori West, Wamala, KMP North KMP South and Greater Bushenyi. See Appendix 1.

2.3. The District

Health care services are provided at health facilities located at the districts and divisions. Police Health centers are headed by in-charges who are supervised by the respective Regional Police Surgeons, District Police Commanders and District Health Officers. In addition, the health centers are supervised with support of the Health Unit Management Committees (HUMC) which are chaired by DPCs.

Fumigation of PTS Kabalye Domitories

3.0 Services Offered

The Directorate offers integrated health care services which include; Clinical, Public Health, Medico-legal and Administration & Training. The Police Health Centers (HCs) are spread across the country at different levels; HC II (81), HC III (11) and HC IV (04). See appendix 2.

The services are mainly outpatient care, except for the six (06) maternity centers at, Nsambya, Masaka, Jinja, Mbale, Tororo and Arua. Police is still inadequately equipped to offer patient admissions, major surgeries and radiology services due to limited health infrastructure and human resource capacity.

3.1 Clinical services

Outpatient services include; Laboratory diagnostics, medical treatment, ART & TB service, Dental care, Eye care, Physiotherapy, Mental health, Palliative, Orthopedic, Maternal & Child health care services and Emergency Medical Response services.

3.2 Public Health Services

The public health services include; Health promotion, Health education, Integrated disease surveillance and response.

3.3 Medico-legal services

The Directorate offers Medico-legal services to support the criminal justice system in the country. This majorly includes;

- a) Forensic Pathology; which involves carrying out autopsies on cases of homicide, suicide and accidents among others.
- b) Forensic surgery; which involves examination of victims and suspects of crime such as rape, defilement, assault, fire arm injuries, accidents, aggravated robbery, terrorism to mention but a few.
- c) Attending court sessions to give evidence as expert witnesses.
- d) Conducting Medico-legal trainings to health workers, police officers and the general public.

3.4 Administration and Training

This involves; Human Resource Management, Strategic Planning & Budgeting, Policy Formulation, Monitoring & Evaluation, Coordination & Collaboration and Research & Innovations.

4.0 Performance

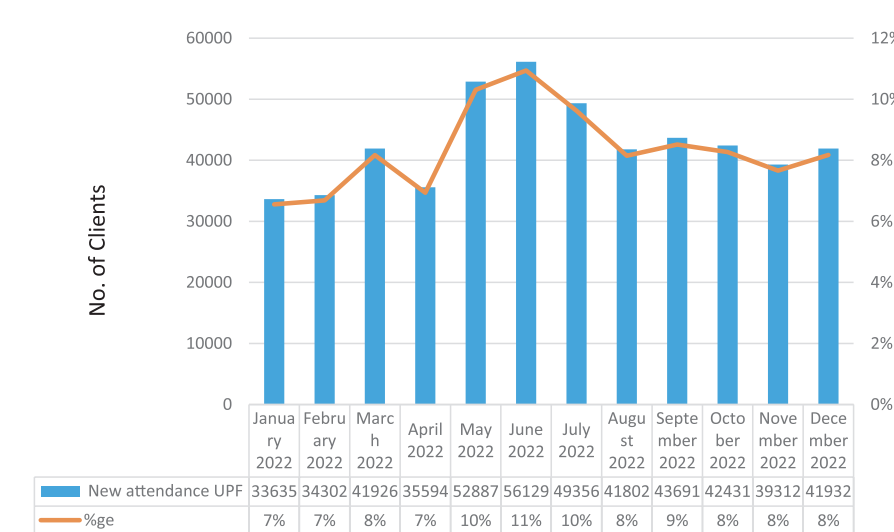

This report covers annual cumulative performance captured as weekly, monthly, and quarterly submissions at all levels of health service provision in the Directorate.

its 96 health centers to 512,997 patients. This was higher than 380,190 patients attended to in the year 2021 indicating an increase of 26%. During the reporting period, the month of June registered the highest number of OPD attendances (56129). See figure 1

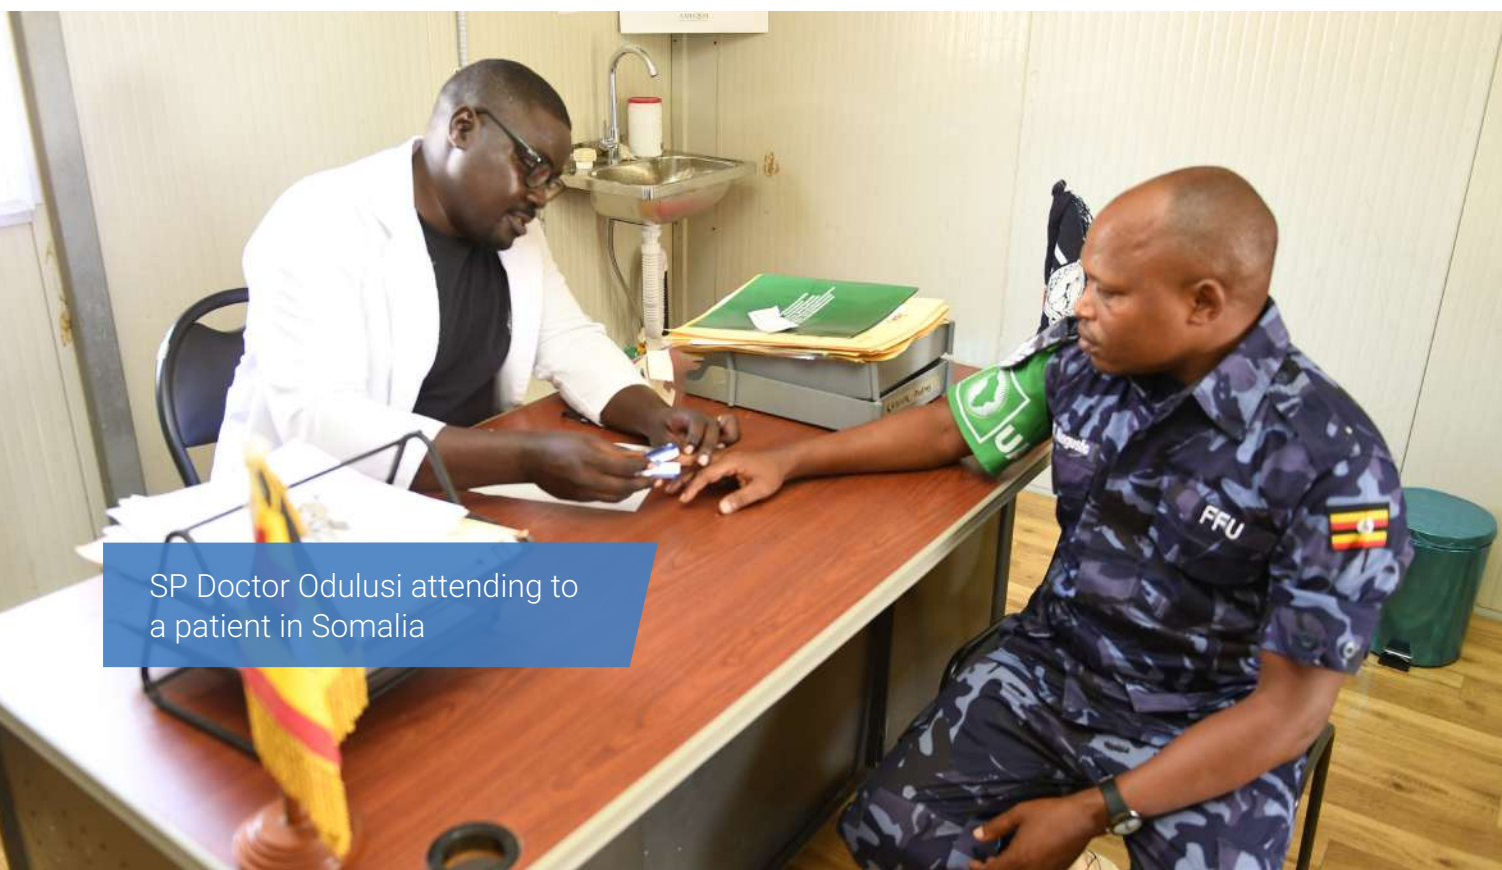

4.1 Out Patient/ (OPD) attendance

The Directorate offered OPD services at

Figure 1: OPD Attendance in UPF Police Health Centers, Jan- Dec 2022

Data Source: DHIS2 2022

SP Doctor Odulusi attending to a patient in Somalia

4.1.1 The Disease Burden in Police Health Centers

Malaria was the leading condition among all the OPD diagnoses during the reporting period accounting for 35 % of all the OPD attendance, cough and cold (no pneumonia) at 32%, Urinary Tract Infection (7%), and gastrointestinal disorders (6%). See Table 3

Table 3: Top Disease Conditions among OPD Attendance in the Year 2022

S/N	Diagnosis	Period				TOTAL	%ge

TOTAL		108179	136186	129108	137817	511290	100%

Data Source: DHIS2 2022

4.1.2 Injuries/Trauma cases among the OPD Attendance in Year 2022

The health facilities registered a number of injuries due to Road Traffic Accidents (RTA) and trauma due to other causes including Gender-Based Violence.

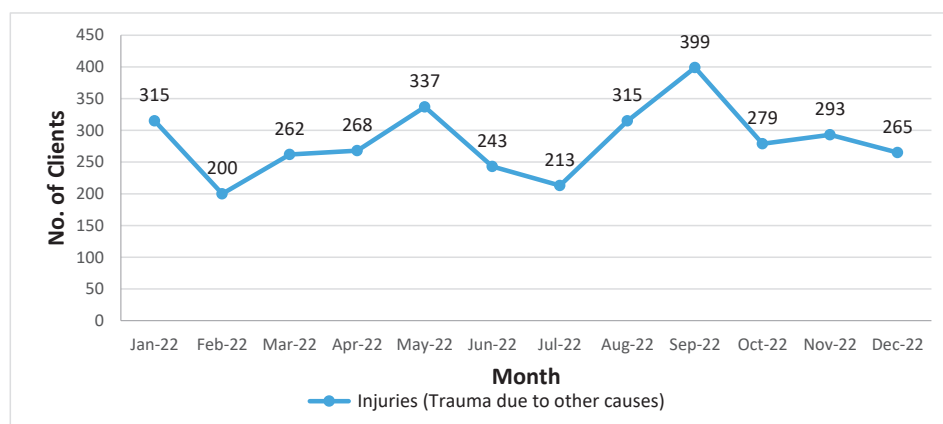

Trauma due to other causes accounted for 3311(45%), injuries due to Gender-Based Violence 2554(35%) and a total of 839 (11%) injuries reported were due to motor cycle accidents. See table 4

Table 4: Showing causes of injuries/trauma cases among OPD attendants

S/N	Type of Injury	PERIOD				Total	%ge
		Jan to Mar 2022	Apr to Jun 2022	Jul to Sep 2022	Oct to Dec 2022		
1	Injuries (Trauma due to other causes)	777	848	927	759	3311	45%
2	Injuries due to Gender based violence	546	637	976	395	2554	35%

TOTAL		1703	1849	2464	1300	7316	100%

Data Source: DHIS2 2022

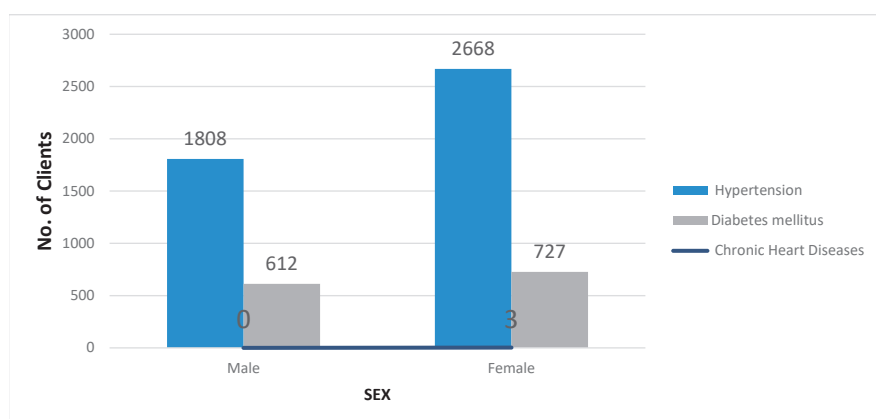

The lowest number of cases of trauma due to other causes (200) were reported in the month of February 2022 while, the highest number (399) was reported in the month of September 2022. See figure 2

Figure 2: Number of OPD Attendance Due to other trauma causes, Year 2022

Data source: DHIS2 2022

4.1.3 Non-Communicable Diseases (NCDs)

Hypertension was the most reported condition among NCDs with females (2668) being the most affected compared to their male (1808) counterparts.

Figure 3: Major Non-Communicable Diseases Reported in Police HCs, Year 2022

4.1.4 Mental Health Conditions among the OPD Attendances, Year 2022

Mental health conditions contributed to 0.2% (1,127/512,997) of all OPD

attendance. Epilepsy was the commonest mental condition contributing to 57%, Anxiety disorder at 16% and Bipolar Disorder at 11%. See Table 5

Table 5: Mental Health Conditions among the OPD Attendances

S/N	Diagnosis	PERIOD							
		Jan to Mar 2022	%ge	Apr to Jun 2022	%ge	Jul to Sep 2022	%ge	Oct to Dec 2022	%ge

ASP Dr. Kabanda Enock Conducting Mental Health Awareness in Savana Regional Police Headquarters

4.1.5 Maternal and Child Health (MCH) Care

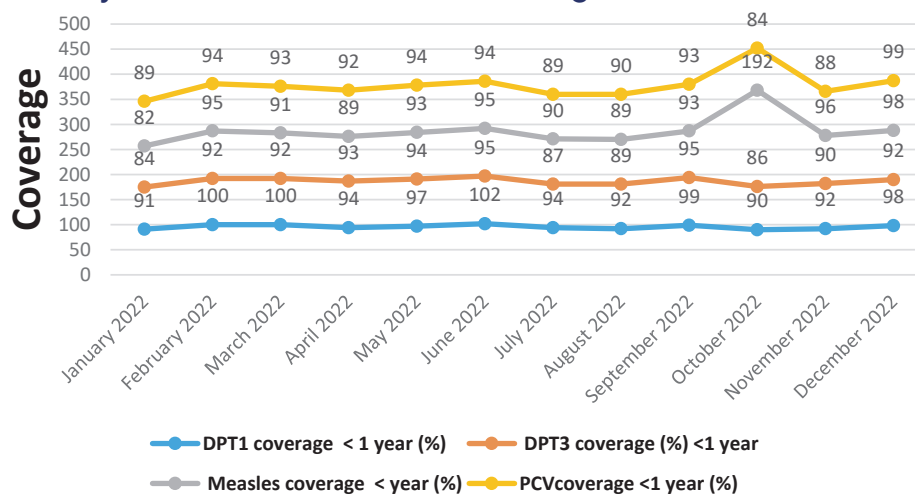

Out of the 96 Police health facilities, 17 (17.7%) provide MCH services. However, due to under reporting, only 13 are captured on the DHIS2 system. The 79 (82.3%) are not offering MCH service due to limited infrastructure.

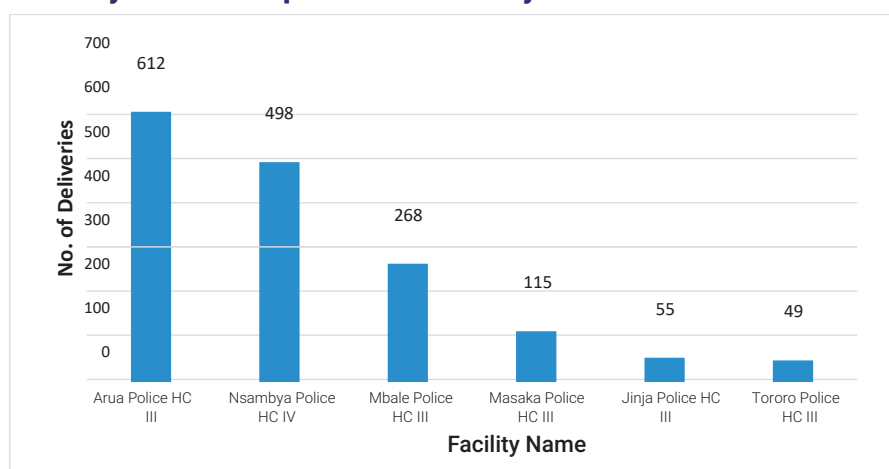

A map showing the distribution of 13 Antenatal Centers in UPF

Table 6: MCH services offered during the reporting period

4.1.6 Laboratory services

There are 34 functional medical laboratories providing a range of diagnostic services. These are spread throughout different police regions in the country. See Table 7

Table 7: Police Health Laboratories Distributed by Level

S/N	Facility Level	Number
1	Health center IV	4
2	Health Center III	11
3	Health Center II	19

These laboratories performed a wide range of tests which include; Liver functional tests, renal functional tests, Full Blood Count, Molecular TB testing (GeneXpert machines), CD4 monitoring of HIV positives, sickle cell screening for couples, COVID-19 testing and other general tests. See Table 8.

4.1.7 Eye Care Services

Integrated eye care services were provided at Nsambya Police HC IV. An eye surgical camp conducted from 3rd to 5th August 2022, at Nsambya Police HC IV by the PHS directorate in conjunction with Overseas Pakistanis Global Foundation Africa was able to extend services to 611 patients. 60 patients with eye cataracts were operated from Mulago National Referral Hospital and Iran-Uganda Medical Center.

Allergic conjunctivitis was the most common eye condition handled as shown in table 10 below. Complicated cases were referred to Public and Private Hospitals for further management.

Table 10: Eye care conditions managed at Nsambya Eye clinic.

4.1.8 Dental care services

Integrated dental care services were provided at Nsambya Police HCIV, Naguru Police HC IV and PTS Kabalye HC IV. The performance is as indicated on table 11

below. Nsambya dental clinic received a new dental unit from the General Manager NMS - Mr. Kamabale Moses on the 28th September, 2022 as a donation which helped to decongest the influx of patients by reducing the waiting time.

4.1.9 HIV and AIDS prevention, care, treatment and support.

The Directorate offered comprehensive HIV & AIDS services at the thirteen (13) accredited ART centers. The ART centers are located at Police health centers of Nsambya, Naguru, Jinja, Tororo, Mbale, ASTU Katakwi, Gulu, Arua, Hoima, Kabarole, Mbarara, Rukungiri, and Masaka. The ACP-UP program has been accredited by MOH to manage Hepatitis B patients. All female ART clients are routinely screened for cancer of cervix with support from IDI.

4.1.10 TB Prevention, Care and Treatment

The Directorate offered comprehensive TB services to 211 patients at the thirteen (13) health centers of Nsambya, Naguru, Jinja, Tororo, Mbale, ASTU Katakwi, Gulu, Arua, Hoima, Kabarole, Mbarara, Rukungiri, and Masaka. See Figure 7. A special program of screening and management of TB among suspects in police cells was implemented at 16 high volume police stations of; CPS Kampala, Kawempe, Jinja Road, Old Kampala, Katwe, Kajansi,

Entebbe, Mukono, Nagalama, Kasangati, Kiira Division, Wandegaya, Kabalagala, Nateete, SIU Kireka and Kiira Road. A total of 739 (M: 598; F: 141) presumptive TB cases were tested of whom 26(M: 21; F: 5) turned positive representing a positivity rate of 3.5%. Police personnel from these high volume Police stations totaling to 181 (M: 108; F: 73) were trained to support the program and they included health workers, Police Cell linkage facilitators (CLFs) and hub riders.

Figure 7. New TB case identified in 13 Police ART centers- Year 2022

4.1.11 UPF response to Ebola Virus Epidemic

Since the inception of the Ebola Virus Disease (EVD) outbreak in Mubende on

20th September 2022, a number of public health interventions were designed to contain the spread of the disease among the police personnel.

01

Two (2) messages were sent to all units informing them about the EVD and its mode of transmission, prevention and control.

02

Twenty seven (27) Sensitization meetings were carried out to create awareness among the territorial commanders within KMP and Wamala region.

03

PHS distributed IEC materials to all police clinics within KMP and Wamala region.

04

Two (2) Ambulances and their crews were deployed to support the KCCA response to Ebola.

05

Seven (7) health workers were trained in EVD first response.

06

IDI trained one (1) health worker as Trainer of Trainers (TOT) in Infection Prevention and Control (IPC) who later trained fifteen (15) health workers.

SP Dr. Muhwezi Julius and ASP Ssali Micheal Lule Conducting Ebola Sensitization meeting in Mubende District

4.1.12 Palliative care services

The health care package offered at Nsambya Palliative Clinic included counseling and conservative treatment of chronic illnesses. Chronic illnesses that were commonly managed include diabetes, hypertension and cancers among others. See table 14

Table 14: Palliative care performance indicators

Condition	Adult		
	Male	Female	Total
Hypertension	273	474	747
Diabetes	151	193	344

4.1.15 Integrated Health Outreach Services

The outreaches were carried out to reach the underserved Police communities and the general population as a mechanism of community policing. Eleven (11) outreaches were conducted at Buhweju, Ssembabule, Kalisizo, Soroti, Kalangala, Kiboga, Tororo, Kaliro, Buyende and Kampala (Makindye and Nakawa).

The services offered were eye care, dental care, general medical care, immunization and family planning, HIV testing and counselling. See table 17

Table 17: Shows the Services Offered during Outreach Activity

S/N	Service	
1	Eye care	818
2	Dental Care	1,060
3	General medical care	2,648

4.1.16 Emergency Medical Response Services (EMRS)

Emergency medical response services are primarily done to support Police operations as well as the national medical and public health emergency response services. The Directorate operates an ambulance service system coordinated under the Police Emergency Response Centers across the country. Some of the activities undertaken by the EMRS include;

01	02	03	04
Provision of medical cover to convoys of national and international dignitaries, national functions and special operations.	Evacuation of casualties involved in accidents and natural or human induced catastrophes to nearby health facilities.	Provision of ambulance services to Police personnel, their immediate family members and the general community.	Support national emergency medical response mechanisms

To effectively deliver these services to the beneficiary community members, 67 (M: 51; F: 16) Police health workers and ambulance drivers were trained in First Aid provision.

Ebola Response team being trained at KCCA Makindye Division Headquarters

The Directorate supported Police personnel and their immediate family members in various parts of the country with emergency care and also monitored them while hospitalized. The Directorate actively supported movement of

Police patients to hospitals and back home after discharge through the UPF ambulance system. The performance for the reporting period is reflected in table 18 below.

Table 18: Emergency Medical Response (EMR) Activities in the Year 2022

Activity	Total
Patients Visited in hospital	346
Patients returned home (discharged or from review)	269
Home visits of patients	230
Inter hospital transfers	272
Patients Taken to hospital	617
Special duties covered	65
Sports events coverage	15
Recommendation for medical assistance/ advance	203
Recommendation for commitment to various hospitals	49
Recommendations for medical refunds	31
Emergency Calls responded to	76
Response to epidemics	71

4.2 Medico Legal Services

1. Training of Doctors: A total of thirty eight (38) doctors from; Aswa, West Nile, North west Nile, East Kyoga, Rwenzori west, Wamala, Rwizi and Rwenzori East regions were trained in Postmortem examinations and techniques.
2. Training of morticians: Twenty(20) morticians were trained to support surgeons in maintenance of mortuary hygiene and performance of postmortem examinations at Rwizi and KCCA mortuary-Mulago.
3. One hundred and six (106) health workers were oriented in Medico legal services in fifteen (15) regions of ASWA, West Nile, North west Nile, Rwenzori West, Rwenzori East, Bukedi, East Kyoga, KMP East, KMP North, KMP East, KMP South, Rwizi, Busoga North, Busoga East and Savana.
4. Support supervision of Medico-legal services was conducted in 10 regions (covering 26 districts) i.e. ASWA, West Nile, Rwenzori West, Wamala, Bukedi, Elgon, Sipi, East Kyoga, KMP East, KMP North.

5. Postmortem examinations: Four thousand one hundred and ninety eight (4,198) postmortems were performed at Police Mortuary/KCCA mortuary Kampala.
6. Sexual and Gender Based Violence (SGBV): The cases seen in Police health facilities were 3,949 of which 2685 were injuries, 146 anxiety disorders, 08 abortions and 1,110 sexually transmitted infections.

4.3 Public Health Interventions

Public health services include; Health promotion, Health education, Integrated disease surveillance and response. The interventions are geared towards detecting, prevention, and response to emerging diseases and events.

4.3.1 Health Promotion for Disease Prevention

The key activities were health inspections, indoor residual spraying, general cleaning and distribution of Long Lasting Insecticide Treated mosquito Nets (LLINs) as indicated in table 19 below.

Table 19: Shows Public Health Activities in the Year 2022

S/N	Activity	Number
1	Health Inspection conducted	275
2	Indoor Residual Spraying conducted	214
3	General Cleaning conducted	51
4	Mosquito Nets Distributed	2632

Fumigation being conducted at Police Senior Command and Staff College- Bwebajja

4.3.2 Integrated Disease Surveillance and Response (IDSR)

Disease surveillance entails the continuous systematic collection, analysis and interpretation of data for public health action. The congregate nature of Police establishments accelerates the spread

of communicable diseases and therefore requires a robust community based surveillance system to prevent, detect and respond to suspected cases. These interventions were very instrumental in the identification and management of Malaria, TB, Typhoid, Dysentery, Chicken pox, Measles cases, COVID-19, and EVD.

Table 20: Shows Cases Line Listed by Public Health Team- Year 2022

S/N	Cases Identified	Number Line Listed
1	Malaria	180,687
2	Intestinal worms	26,930
3	Typhoid	1,629
4	Dysentery	405
5	TB	237
6	Measles	72

Data Source: DHIS2 2022

4.3.3 Health Education

It empowers the population with information concerning the disease conditions and is aimed at the promotion and maintenance of good health. This influences behavioral change which leads to control and prevention of diseases. The activity was carried out on daily basis at all Police Health facilities, however a team from the Directorate headquarters was able to carry out Three hundred and twenty-one (321) health education sessions at various police establishments on EVD prevention and control, Mental Health, SGBV, HIV testing services, immunization, proper use of insecticides, general sanitation and hygiene improvement.

Mental health awareness campaigns in particular were extended to 20 districts reaching out to 518 (M:354; F:194) personnel at; Nakasongola, Luwero, Nakaseke, Gomba, Butambala, Mpigi, Kiira Central, Kiira East, Kiira North, Buikwe, Kayunga, Njeru Division, Kakiri, Wakiso, Kasangati, Nagalama, Entebbe, Mukono

and Kajjansi

4.4 Administration and Training

4.4.1 Human Resource Management

The Directorate of Police Health services has a staff strength of 691 personnel. These include Doctors (17), Pharmacist (1), Biostatistician (1), Allied health professionals (263), Nurses & Midwives (273), Drivers (33), other health staff (nursing assistants, secretaries, SPCs – mortuary assistants/ support staff) (103). Refer to appendix 3.

The approved micro structure provides for 517 personnel and was approved in 2013. The demand for health services has increased with the creation of new Police districts/Divisions and other administrative units. This has created a gap in staffing the existing health facilities and establishment of new ones.

The active number of staff was affected in various ways such as mission deployments and staff on training (study leave). See table 21.

Table 21: Status of un-available staff within the year 2022

S/No	Status	Number
1	Missions abroad/special deployment	08
2	Chronically sick	03
3	Staff on training in Public/Private institutions	37
4	FPU 11 pre-deployment training	8
5	Desertion	01
	TOTAL	57

4.4.1.1 Health Management Committee (HMC) meetings

The Directorate conducted 12 (100%) monthly Health Management Committee meetings during the reporting period which shows an improvement from 10 (83%) meetings in the year 2021.

4.4.1.2 Regional Police Surgeons

Out of the 28 Police regions, only 10 (36%) regions have Police surgeons creating a management gap in other regions.

4.4.1.3 Health Facility Management

There are 96 Police health facilities distributed in 76 districts/divisions and

3 outreach clinics. 89 (95%) have health staff of appropriate medical cadre (at least Diploma in clinical medicine, and Diploma in Nursing).

4.4.1.4 Promotions

Sixty Two (62) Police health workers were promoted to different ranks (PC to CP) in the year 2022. Twenty Eight (28) Health workers (ranging from PC-SGT) were promoted to the rank of AIP after completing Officer's Basic Course at PTS Kabalye. Thirty Four (34) Police health workers (ranging from IP – ACP) were also promoted to the next rank.

4.4.1.5 Chronically Sick

Due to different medical conditions, Three (03) Police health workers were un-deployable in the year 2022. See Table 22

Table 22: Chronically Sick staff -Year 2022

S/No	Name	Designation	Station	Status
1	SP Aituk Matilda	Registered N/M	Nsambya	Recommended for Medical Board
2	No. 67456 PC Asimwe Elli	Enrolled Nurse	Isingiro	Home based care
3	NO. 66360 PC MUNIBU YAMIRI	Enrolled Nurse	Naguru	Home base care

4.4.1.6 Retired

Six (06) health workers, SSP (01) Mbabazi Frances, SP (01) Drichi Martin Prisca, ASP (02) Matovu Justine Nsubuga and Wambuzi Jacqueline, AIP (01) Baike Frida and civilian (01) Edith Nyende were retired upon reaching the mandatory retirement age.

4.4.1.7 Desertion

One (01) health worker, ASP Nakate Florence Kakooza formally attached to Nsambya Police health center IV deserted the force.

4.4.1.8 Misconduct

In this category, there were three new cases of misconduct registered as reflected in table 23 below.

Table 23: Cases of misconduct among health workers-Year 2022

SN	Name	Designation	Station	Case	Status of case
1	No. 67499 PC Ababo Prasten	Enrolled Nurse	Nebbi	Alleged theft of drugs	Under investigations
2	No. 66306 PC Drate Emmanuel	Enrolled Nurse	Koboko	Alleged theft of drugs	Under investigation
3	No. 67739 PC Kamure Alicemari Morphat	Enrolled Nurse	Yumbe	Alleged Defilement	Under Investigation

4.4.1.9 FPU Deployment

Sixteen (16) health workers were involved in peacekeeping mission activities. Eight (8) are in Somalia (FPU 10), Eight (08) on FPU 11 pre-deployment training at Kikandwa training wing. See table 24

Table 24: Showing the staff in FPU Deployment.

Staff deployed as FPU 10 (From /12/12/2021 to 12/12/2022)

Police Health workers deployed in African Union Transition Mission in Somalia (ATMIS)

4.4.1.10 Staff Training and Development

Police Health Services has developed a mechanism of identifying, training and developing of personnel according to need.

1. Professional Upgrading: The Directorate has encouraged health workers to enroll for further studies and in the past one year, thirty six (36) health workers enrolled for further studies in various medical fields, including, 15 for Bachelor of medicine & Surgery, 07 other degrees, 10 Diplomas and 04 Certificates. On a

positive note UPF was able to sponsor Eleven (11) students on various programs. See appendix 4

2. Continuous Medical Education (CME): As a way to continuously develop professionalism during service delivery, themes in areas of improvement are always identified to improve personnel skills in practice. Two CMEs were conducted on Oral health and Infection Prevention and Control (IPC) on Ebola Virus Disease (EVD) at Nsambya Police HC IV. These were attended by Eighty two (82) health workers from KMP.

CME at Nsambya Police HC IV

3. Refresher Training

Regular refresher trainings are carried out on quarterly basis to update health personnel with skills in management of emerging medical conditions and changes in medical practices. See Table 25 below.

Table 25: Refresher Trainings Conducted in the Year 2022

S/N	Training	Number of Trainings conducted	Number Trained
1	SGBV Examination	3	70
2	Postmortem Examination (Doctors)	3	32
3	Postmortem Examination (Mortician)	5	18
4	First Aid and Emergency Response Training	3	67
5	Ebola First Responder Training	1	07
6	Ebola Infection, Prevention and Control	2	16

4.4.2 Non-Human Resource Management

4.4.2.1 Medicines and Health Supplies

UPF acquired essential medicines and health supplies from National Medical Stores (NMS), pre-qualified UPF suppliers and donations from development partners. National Medical Stores delivered logistical supplies directly to the respective Police health facilities basing on routine bi-monthly cycles. The essential medicines were supplied according to the level of the facility as per the standard health care package using the pull system for 04 HC IVs and 11 HC IIIs and push system for 81 HC IIs.

UPF received essential medicines and health supplies worth 1,253,128,573/= from National Medical Stores to Police Health Facilities. Procurement was done from pre-qualified UPF suppliers to a total worth of 93,600,000/=.

4.4.2.2 Infrastructure

Appropriate infrastructure such as buildings, equipment, Motor Vehicles, Motor Cycles, incinerators, placenta pits and waste holding facilities are essential for quality service delivery.

1. Buildings: None of the 96 Police health facilities are housed in a standard health facility infrastructure. However, Eleven (11) facilities were renovated in 2022 to improve on the working environment and storage.

These include: Luwero, Mityana, Kiboga, Kaliro, Kamuli, Bundibugyo, Kasese, Bushenyi, Kaabong, Moroto and Tororo.

2. Equipment: Most Police health centers have basic diagnostic equipment. However, HC IVs & IIIs still lack important services such as admissions, surgical operations and radiology due to lack of hospital beds, surgical equipment and complete radiology equipment.

3. ICT infrastructure: This comprises of computers, printers, internet connectivity and servers. This is critical in timely data collection, analysis and reporting. Currently only 16 Police health centers are equipped with electronic Health Management Information system (HMIS) to support web based, performance monitoring and reporting through DHIS2. These include: Gulu, Nsambya, Naguru, Jinja, Mbale, Tororo, ASTU Katakwi, Arua, Hoima, Rukungiri, Masaka, Mbarara, Fortportal, PTS Kabalye, Kiboga and Katwe. The remaining HCs are supported through respective district reporting system. The lack of working space, inadequate internet connectivity, reliable power supply and skilled personnel still present a challenge to the sixteen (16) health centers mentioned above.

4.4.2.3 Medical waste disposal facilities

Medical wastes must be disposed of in a safe and standard procedure. Police health facilities have been disposing of the waste through the respective districts hospital trucks and incinerators which

saved them the trouble of transporting medical waste to distant government hospitals. Four (4) Police H/C's of Jinja, Arua, Kasese & Masaka acquired incinerators and a placenta pit at Jinja.

Incinerator at Jinja
Police HC III

Incinerator at Arua
Police HC III

4.4.2.4 Transport

Transport to facilitate health services in UPF is in inform of ambulances, administrative vehicles and motorcycles. By the end of the reporting period, sound administrative motor vehicles were twelve (12). One (01) administrative motor vehicle was grounded. See table 26

Uganda Police Force has 29 ambulances with 26 currently functional. They are used to support emergency medical response services in the country. These are located in various emergency response centers within Police regions. See table 27

Sixty-six (66) motorcycles facilitated the mobility of health workers in the year 2022. See Appendix 5

Table 26: List of Administrative Motor Vehicles.

4.5 Planning and Budgeting

The directorates' plans and budgets are derived from policing strategic plans which are implemented as per the planned activities.

4.5.1 Annual Planned Activities

These activities were implemented during Qtr 3&4 of FY 2021/2022 and Qtr 1&2 during FY 2022/2023.

1. Access to quality and effective health services by police community improved
2. Adequate environmental health and sanitation services to the Police communities provided. Coordination and management of Police Health Services (PHS) strengthened.
3. Effective provision of Emergency Medical Response Services (EMRS) improved
4. Management of maternity neonatal Child health (MNCH) services at 13 Police sites strengthened.
5. Palliative and psychosocial support services to personnel with life limiting health conditions strengthened.

6. Police Health Policy and research in UPF promoted
7. Prevention and control of the spread of COVID-19 and other viral hemorrhagic infections in Police community Strengthened.
8. Prevention and control of the spread of HIV and Tuberculosis (TB) at 16 Police health centers strengthened.
9. Response to and management of medico-legal cases by health care providers enhanced.

4.5.2 Financial Report

The Directorate spent a total of UgX. 3,431,640,273 (non-wage recurrent) on various funding areas. A total of UgX. 1,346,728,573 (39.2%) was released to support the procurement of medicines and sundries of which UgX. 1,253,128,573 was the total value of supplies from National Medical Stores (NMS) and the UgX. 93,600,000 (7.0%) as direct release to cater for additional medicines & medical supplies to support the various trainings and other operational activities conducted during the reporting period. A total of UgX. 510,230,000 was released towards strengthening medico-legal services, of which UgX. 223,900,000 (43.9%) was from Justice Law and Order Sector (JLOS). Refer to table 28

Table 28: Funding areas for PHS in 2022

S/No	Funding Area	Amount (UgX)	Percentage (%)	Source
1	Medicines & Medical sundries	1,346,728,573	39.2	GoU
2	Medico-legal services	510,230,000	14.9	GoU/JLOS
3	System strengthening	389,870,000	11.4	GoU
4	Disease Specific (HIV, TB, Ebola & NCDs)	333,616,000	9.7	GoU
5	Other Public Health interventions	318,847,000	9.3	GoU
6	Emergency Medical Response (EMR)	244,930,000	7.1	GoU
7	Palliative & Psychosocial Support Services	133,036,700	3.9	GoU
8	Infrastructural maintenance	89,852,000	2.6	GoU
9	Community Outreaches	61,230,000	1.8	GoU
10	Medical Equipment	3,300,000	0.1	GoU
	TOTAL	3,431,640,273	100.0	

4.6 Policy Formulation and Strategic Plan Development

4.6.1 Health Policy and Strategic plan for PHS

In the year 2022, the Police Health Policy was further disseminated to 53 Police districts reaching out to 1,060 (M: 759; F: 301) Police personnel. The districts reached were; Kisoro, Kabale, Kanungu, Rukungiri, Rubirizi, Kanungu, Rukungiri, Rubirizi, Bushenyi, Gulu, Kitgum, Pader, Lira, Dokolo, Arua, Nebbi, Koboko, Moyo, Adjuman, Mubende, Kasanda, Kyankwanzi, Kiboga, Kiira, Busoga North, Busoga East, Bukedi North, Rwizi, Greater Masaka, Katonga, Sezibwa, Rwenzori East, Rwenzori West, Albertine, Wamala, Elgon, Bukedi South, Sipi, East Kyoga, KMP North, KMP South, KMP East, Savannah, Pakwach, Zombo, Madi-Okollo, Terego, Maracha, Bududa, Manafwa, Namisindwa,

Sironko and Bulambuli.

The Directorate continued with the development of Police Health Strategic Plan (PHSP1) 2020/2021 – 2024/2025 and the process was ongoing by the end of the reporting period.

4.7 Monitoring and Evaluation

4.7.1 Supervision of Police Health Centers

Police health centers are supervised at three levels i.e. Monthly supervision at the district (by District Health Officers – DHOs), quarterly supervision at the region (by Police surgeons), and twice a year at the center (by PHS Directorate) with the aim of quality assurance and improvement through coaching and mentorship. Eighty-Eight (88) Police health centers (96%) were supervised directly by the respective DHOs-and these were able to report their monthly performances in the Ministry of

Health (MoH) reporting system (District Health Information System - DHIS2). This reflects an improvement compared to the 86 facilities that were reporting through DHIS2 in the previous year 2021.

Centrally, the directorate supervised 43 Police health centers. They include; Masaka, Kalisizo, Kalangala, Mpigi, Sembabule, Buwama, Yumbe, Ikafe, Adjumani, Elegu, Gulu, Kitgum, PTS Kabalye, Masindi, Nakasongola, Luwero, Bombo, Kikandwa, Busunju, Kiboga, Mityana, Mubende, Kibale, Kisoro, Kabale, Isingiro, Bushenyi, Mbarara, Moroto, Kaabong, Kotido, Kumi, Aviation, Marine Kigo, Entebbe Main, Bwebajja, Air Wing Kajjansi, Nsambya, Naguru, Nagalama, Lugazi, Mukono, and Kayunga.

4.7.2 Police Health Systems

Data from Police health centers was reported through the Ministry of Health (DHIS2) reporting system in aggregate form (block totals) and disaggregated to guide planning.

The Open Data Kit (ODK) system was developed and operationalized to support data management in all the 96 Police health centers. The ODK helped to produce data in disaggregate form according to the following categories: Police Officers, Police Family Members, Community Members, Emergency responses, and Medico-Legal services. See Table 29

Table 29: OPD Data Disaggregation by Sub-group in Police HCs- Year 2022

OPD Attendance From July to December 2022				
S/N	Category	Sex		
		Male	Female	Total
1	Police Officers	3,780	1,896	5,676
2	Police Family Members	8,373	8,091	16,464
3	Community Members	22,856	31,351	54,207
Total		35,009	41,338	76,347
Medical Legal Services				
1	Victims of Assault	1,658	1,185	2,843
2	SGBV Cases Examined	85	733	818
3	Postmortems Performed	423	137	560
Emergency Medical Response				
1	Patients Visited at home	75	31	106
2	Patients Returned home	33	27	60
3	inter-hospital transfer	80	45	125
4	Patients Evacuated to hospital	124	32	156
5	National Events Attended			27
6	Special Operational Attended			8

4.8 Coordination and Collaboration.

4.8.1 Central Meeting of all Police Surgeons

The Directorate holds quarterly central meetings of all Police Surgeons upon availability of funds. The meetings form a platform for the Health Management team of the Directorate to closely interact with the regional supervisors (Surgeons) and review its performance. In the reporting period, two (02) meetings were held.

4.8.2 Partnerships

The Directorate worked with different partners in the delivery of health services to the target population. The partners included the following;

1. Ministry of Health: Provided overall technical support through mentorships of personnel in DHIS2 reporting, donated nutrition assessment equipment, trained personnel in Ebola prevention & management, maternal infant & adolescent nutrition at Nsambya and Naguru. The Directorate was co-opted by MOH on the National Ebola Task Force.
2. National Medical Stores: Delivered medicines and other health supplies to all Police health centers.
3. Uganda AIDS Commission: Provided technical guidance in HIV and AIDS response.
4. JLOS: Supported equitable access to Medico-legal services with allowances to health workers to conduct Postmortems UGX. 50,000/= and Examination of SGBV victims UGX. 25,000/=.
5. Iran-Uganda Hospital: Provided emergency health care services to Police personnel and their immediate families.
6. Platinum Credit-Uganda Ltd: Supported the renovation and furnishing of the Police Medical Laboratory at Nsambya.
7. Office of The Directorate of Public Prosecutions (ODPP): Using global fund, ODPP supported police in prevention of HIV, TB and Malaria in Police cells through testing of suspects.
8. Infectious Disease Institute (IDI): Provided technical and logistical support for cervical cancer testing, TB & HIV care, Infection Prevention Control of communicable diseases and MCH services to Nsambya, Naguru, Arua, Hoima Police health centers.
9. Rakai Health Sciences program: System strengthening for HIV and AIDS response services at Masaka Police health services.
10. Dr. Agarwal's Eye Hospital: Provided Eye care services to Police personnel at a discount of 10% on all treatment costs below 500,000/= and 15% discount on treatment costs of 500,000/= and above.
11. GIZ constructed two hand washing facilities, a block of 9-stance water borne toilet and a medical waste holding facility at Nsambya Police health center IV.
12. Women International Maternity Aid (WIMA) based in Muyenga supported maternity services with assorted medical equipment.

Minister for Internal Affairs, Rtd Major General Kayinda Otafire Launching the ODPP Project at Jinja Road Police Station on 04th October, 2022

5.0 Key Achievements

1. Architectural Plans to construct a Police General Hospital are ongoing and at different levels of approval.
2. Increased diagnostic equipment in police health facilities
3. Eleven (11) health facilities were renovated
4. The Human Resource for Health (HRH) increased by 194 personnel from 506 to 699.
5. The physiotherapy unit was established at Nsambya Police HC IV
6. A medical waste holding facility and a ten stance water borne toilet was constructed at Nsambya Police HC IV
7. The introduction of TB, HIV and Malaria screening among suspects in 16 KMP high volume Police stations which include: Jinja Road, Kira Road, CPS Kampala, Wandegeya, Old Kampala, Nateete, Katwe, Kabalagala, Kajansi, Entebbe, Kasangati, Kira Division, Nagalama, Mukono, Kawempe and SIU Kireka.
8. Sixty-two (62) Police health workers were promoted to various ranks
9. Open Data Kit (ODK) data management system was developed and operationalized

6.0 Major challenges of 2022

1. Inadequate infrastructure characterized by improvised old and small buildings.
2. Inadequate ICT and basic diagnostic equipment.
3. Inadequate vehicles and motorcycles to facilitate transport for administrative and operational activities.
4. Inadequate medicine storage and medical waste management facilities.
5. Limited capacity to offer all services due to the low level of most of the Police health centers.
6. Few Police doctors to support health services in all Police regions across the country.
7. Limited coverage of Police health services across the country with only 76 of the Policing districts having established Police health centers.
8. Limited number of ambulances to cover all Police regions with emergency response & rescue services.
9. Inadequate funds remitted to NMS for the supply of Essential Medicines and Health Supplies by Ministry of Finance
10. Delayed and reduced supplies of essential medicines by NMS.

7.0 Recommendations

1. Fast track the establishment of the Police General Hospital to reduce individual and institutional expenses spent on the management of referred patients.
2. Recruitment of more Medical Doctors in required numbers to fill the existing gaps.
3. Construct new and renovate existing Police health facilities to match the required MOH structural standards.
4. Upgrade Police HC IIs to level III and HC IIIs to level IV in order to handle the high demand of health services in UPF.
5. Adequately equip Police health services to deal with prevailing logistical challenges (i.e. with diagnostic and ICT equipment, medicines & health supplies, storage facilities & ambulances).
6. Support training of Police health workers to attain advanced technical and management qualifications.
7. Increase funds allocated to NMS for the supply of Essential Medicines & Health Supplies for UPF.
8. Promote officers to fill the existing management gaps in the Directorate.
